### What is Youth Crime Watch?

Youth Crime Watch is a youth-led movement in which young people take ownership to make schools and neighborhoods safer while instilling self-reliance and care and respect for others. 50,000 youth in 29 U.S. states and 20 other nations are taking leadership roles and producing positive change through youth patrols, crime reporting, youth mentoring, community action projects, and much more. For over 20 years, Youth Crime Watch of America has been a resource network for youth to share ideas, utilize training, find support, and organize to *watch out* and *help out* in our communities and across the world.
